

Do you like puzzles?

If you enjoy logic puzzles and are aged 40+, we'd love to hear from you.

We are interested in how people use language to solve logical reasoning problems.

We are looking for people to come to our lab in Bloomsbury to solve some logic puzzles. All participants will receive payment for out-of-pocket expenses.

For more information and to register your interest, scan the QR code below or email paris.jaggers.23@ucl.ac.uk.
