For Puzzle 10, the Answer Key is how many cells you have to count down in each column to reach the first tent. If you were counting for trees rather than tents, the answer key would be 315311254

When you have completed as many puzzles as you can, email a list of your puzzle times and answer keys to adam@ukpuzzles.org (giving both clues and your answers). For the examples below you would say: Example Tents - 23 seconds – 31010, Example Hitori – 23 seconds - 21212
