Puzzles by Adam Bissett

Fill in all empty cells with numbers under the following rules.

- 1) Divide all of the board into blocks. Fill each block with the same number horizontally or vertically.
- 2) Each block contains as many cells as the number in the block.
- 3) Same sized blocks cannot touch each other, horizontally or vertically.

Time your efforts for each puzzle separately. Then submit your time for each puzzle, and the entries for the nominated row as the "answer key"
