Beginners Round 4 - 15th to 18th December 2023

Four Winds

Puzzles by Adam Bissett

Draw one or more lines from each numbered cell so that each number indicates the total length of lines that are drawn from that cell, excluding the cell itself. Lines are either horizontal or vertical and connect the centres of adjacent cells without crossing or overlapping each other and the given numbers.

Time your efforts for each puzzle separately. Then submit your time for each puzzle, and the direction of all lines for the nominated row as the "answer key", H for horizontal, V for vertical, E for endpoint and any numbers as the numbers they are.
